Lead Contact: Eric Gregory, MA, CPS, Executive Director

Email: egregory@insightbb.com

Other Staff: Lisa Mason, Community Coordinator

Area Served: Bowling Green/Warren County

Services offered: The Save Our Kids Coalition Staff have extensive training and experience in the use of the Strategic Prevention Framework, the CADCA Seven Strategies for Community Change, and the CSAP Six Prevention Strategies with a theoretical focus on the research associated with the Social Development Model. SOK has won two national awards for environmental strategies (2009 CADCA National Dose of Prevention Award, 2009 PRIDE Prevention Program of the Year) and was a finalist for CADCA Coalition of the Year in 2010. Our staff has assisted CADCA and other Federal agencies with campaigns related to over-the-counter, prescription drug, and underage drinking issues. Our area of specialty is in Assessment and Evaluation with the capability to create and process custom, scan-based surveys as well as create evaluation designs and run advanced statistical analyses for coalitions. With over ten years of prevention experience and well over a thousand training hours, SOK is available for your consultation needs.

Programs/Campaigns offered: The Save Our Kids Coalition is the counter-drug coalition for Warren County. We embrace the Strategic Prevention Framework and use the Social Development Model and current drug prevention research to guide our efforts to seek policy and community solutions to youth substance abuse.

fimentor@cop.es.org

Clarissa D. Wimsett, CPS
logistics@sprynet.com

Area Served:

With its current federally funded programs through the Department of Health and Human Services' Administration for Children and Families and SAMHSA's Center for Substance Abuse Prevention, COPES serves individuals and families residing in the Louisville Metro Area (Jefferson County), KY.

Since the publication and distribution of COPES' widely acclaimed Creating Lasting Family Connections program through a licensing agreement with Resilient Futures Network, LLC, this curriculum has been distributed to professionals and volunteers in hundreds of cities in all 50 states.

Services offered:

COPES, Inc. provides consultation, education and training services on youth and family strengthening programs that have demonstrated strong research results of increasing protective factors and personal and family behaviors. COPES' Creating Lasting Family Connections (CLFC) program has demonstrated effectiveness in improving skills for healthy marriage, fatherhood, motherhood, blended families, criminal justice re-entry, recovery, and restoring challenged relationships. Outcomes also include reductions in substance abuse and violence among participants. The Creating Lasting Family Connections program is nationally recognized and listed on the National Registry of Evidence-based Programs and Practices. COPES, Inc. consults and trains schools, churches, Juvenile Justice Detention and Diversion programs, civic organizations, neighborhood associations, coalitions, recreation centers, and city and county governments to implement effective family skill-building programs for their populations that result in measurable reductions in negative behaviors such as substance abuse, violence, delinquency, criminal behavior, and etc.

Programs/Campaigns offered:

Capping over two decades of successful experience in prevention, COPES has published an evidence-based family strengthening curriculum titled The Creating Lasting Family Connections (CLFC) Program. This program, authored by Ted N. Strader, Tim Noe, and Warrenetta Crawford Mann, includes three training modules for youth and three training modules for parents. The CLFC curriculum is listed on the National Registry of Evidence-based Programs and Practices (NREPP).

The Creating Lasting Family Connections Program was designed to be presented sequentially and concurrently in separate trainings for youths and their parents. Each module, however, also works effectively as a stand-alone training. While the content and emphasis of each module vary, the following themes are repeated for the sake of emphasis: the importance of self-worth and taking control of one's life; the importance of good communications in building healthy relationships (e.g., listening, empathy, negotiation, and cooperation); and the importance of personal responsibility (e.g. choice, cause and effect, limits, and consequences).

Institutions and organizations interested in promoting healthy youth and healthy families, in reducing inappropriate, violent, uncontrolled, unhealthy behaviors and in limiting the negative impact of alcohol, tobacco, and other drugs while enhancing the skills of independence for youth and families will be well served by adopting The Creating Lasting Family Connections Program curricula. The program Manuals are user friendly. One need not have a formal background in alcohol and drug prevention, psychology, counseling, or social work to put them into effective use. All Manuals offer clear, step-by-step instruction in the presentation of material to assure successful outcomes. By attending the optional CLFC training, an individual can gain knowledge, awareness and confidence in his/her skills as a facilitator for any of the training modules.

Name of Organization: Bullitt County

Other Staff: Pam Lawrenz, Co-Trainer

Email: Pamlawrenz@bellsouth.net

Area Served: KY + other IC&RC member entities

Services offered: Workshops and training including:

- **Ethical Fitness in Prevention**

This workshop is designed to give persons seeking prevention certification the six hours of prevention focused ethics. Any helping professionals may attend and enjoy the interactive tone designed for adult learners.

Participants will be able to:

1. Identify and define six ethical principles commonly held by helping professionals, including preventionists.
2. Set professional goals with ethical principles in mind.
3. Resolve ethical dilemmas using a four-step ethical decision making model.
4. Work together adult learner teams to practice ethical decision making with case studies taken from their fields of practice.

- **Activity Based Learning: Teaching So Adults Listen**

You've got a powerful subject that you believe is essential. What's your goal in working with adults? You wish to share new information and views to bring about change in attitudes and behaviors. Whether helping professionals, parents, school personnel or other community members; adult audiences can be challenging. This workshop combines facilitation skills training with practical application of the research currently available on how adults learn.

1. Shifting thinking: how to get at deeply rooted mental models.
2. Learning Community Principles: giving structure to group interaction.
3. Guidelines for organizing adults for meetings and workshops.
4. Practice and process activities that teach.

- **Prevention Basics for Professionals in Related Fields**

This workshop is designed for helping professionals who may find knowledge of ATOD (Alcohol & Other Drug) Prevention helpful, even though it is not their primary task. Treatment professionals, faith leaders, teachers, child care experts and those who work in the courts, jails or other government areas can benefit from the research that has been done on preventing alcohol and other drug use and abuse.

1. What is ATOD Prevention anyway? What's its history? What does a Prevention Specialist do?
2. What's in it for me? Why do I want to learn Prevention?
3. What "do's and don'ts" does prevention research recommend?
4. How can I use this information in my profession?

Area Served:

Bath County, Boyd County, Carter County, Elliott County, Greenup County, Lawrence County, Menifee County, Montgomery County, Morgan County, and Rowan County

Services offered:

Adult Prevention Services

Pathways' Regional Prevention Center provides education and training for adults on the effects of alcohol and other drug abuse. Prevention services are provided at worksites, churches, schools, and other sites in the community. Emphasis is placed on training adults who are in positions to encourage and support youth in making healthy choices.

Region Ten Champions

The goal of the Region Ten Champions program is to increase public awareness and involvement in alcohol and drug prevention programming. The Regional Prevention Center facilitates nine coalitions: Boyd / Greenup County Champions, Carter County Drug Task Force, Elliott County Champions, Lawrence County Champions, Menifee County Champions Drug Task Force, Morgan County Champions, Montgomery County Champions and Rowan County Champions. In conjunction with the Champions coalitions for adults, the RPC coordinates seven Champions Youth Advisory Boards (YAB): East Carter YAB, Elliott County YAB,

Menifee County YAB, Morgan County YAB, Montgomery County YAB, Rowan County YAB and West Carter YAB.

Prevention Enhancement Site

The RPC houses one of the four prevention enhancement sites in Kentucky. The Region Ten site focuses on environmental tobacco issues, and provides consultation services on this issue throughout the Commonwealth of Kentucky.

Regional Alcohol and Drug Information Services

The RPC serves as a primary source of drug information for all communities in the region. Services include a walk-in library, telephone information, and the distribution of printed materials and audiovisuals.

Media

The media play a vital role in the awareness of communities regarding alcohol and drug problems and issues. The RPC provides information to the media on local issues and programs and organizes local media campaigns.

Youth Prevention Services

Pathways' Regional Prevention Center provides an array of services aimed at preventing alcohol and other drug problems. Services for children and youth emphasize the development of healthy foundations for decisions regarding alcohol/ drug use. Consultation and training are provided for schools, agencies, and organizations that support healthy environments.

Early Intervention Program

The RPC collaborates with the juvenile justice system to provide a diversion program for youth who have violated a school alcohol or other drug related policy or who have been cited for an alcohol or other drug related charge. The Early Intervention Program provides education, screening, and referral services for the juvenile and parents. The Early Intervention Program also serves as the legally-required program for youth/young adults under 21 who violate the Under 21 DUI-Zero Tolerance law.

Programs/Campaigns offered:

The RPC works with schools throughout the region to facilitate the implementation of alcohol, tobacco, and other drug prevention curriculum including:

- Too Good for Drugs
- Too Good for Violence
- Too Good for Drugs and Violence
- LifeSkills

Pathways' Regional Prevention Center assists in local efforts around national substance abuse prevention and awareness media campaigns including:

- Family Day – A Day to Eat Dinner with Your Children
- Red Ribbon Week
- Drunk and Drugged Driving (3D) Awareness
- Kick Butts Day
- Alcohol Awareness Month

REGION 14

Name of Organization: Adanta Regional Prevention Center

Region: 14

Address: 259 Parkers Mill Rd.
Somerset, Kentucky 42501

Telephone: 606-679-9425

Fax: 606-679-3095

Lead Staff Sherri Estes, Director
sestes1@adanta.org

Area Covered: Lake Cumberland – Adair, Casey, Clinton, Cumberland, Green,
McCreary, Pulaski, Russell, Taylor, Wayne

Services offered:

Adult and Youth Prevention Services

Adanta Regional Prevention Center provides education and training for adults and children on the effects of alcohol, tobacco and other drug use. Prevention services are provided at worksites, churches, schools, and other sites in the community. Emphasis is placed on training adults who are in positions to encourage and support youth in making healthy choices. Both our youth and adult presentations vary by topic depending on the need/want of client request. Development of a plan for implementation, training of trainers and assistance with implementation of recognized “research based programming” for both youth and adult populations is also provided.

Coalition Development, Consultation and Technical Assistance

Our Certified Prevention Specialist Staff provide assistance with coalitions and local boards whose overall mission is to reduce Alcohol, Tobacco and Other Drug Use. All services provided follow “Best Practices” and the “Strategic Prevention Framework” is used as the foundation for developing comprehensive strategic planning and implementation. Other services include: assistance with grant writing for prevention grants, coalition recruitment, coalition training and assistance with fundraising.

Region 14 Network

The Regional Prevention Center provides a semi-annual event that provides an opportunity for training and networking among members/chairpersons for all of the coalitions/boards that are currently serving the 10 county Lake Cumberland Area.

Regional Alcohol and Drug Information Services

The RPC serves as a primary source of drug information for all communities in the region. Services include a Resource library, with videos, curriculum, books, various training tools, and the distribution of printed materials and audiovisuals.

Early Intervention/Zero Tolerance Program

The Early Intervention Program provides education, screening, and referral services for the juvenile and parents. The Zero Tolerance Program serves as the legally-required program for youth/young adults under 21 who violate the Under 21 DUI-Zero Tolerance law.

KIDS NOW Plus

KIDS NOW Plus is a program that links pregnant women to services that will help them have healthier babies. Our goal is to offer: Prevention Education, Case Management, Crisis Intervention, Referral to prenatal and well baby care, Help with alcohol and drug problems, Information about available community services such as Mental Health Services, Domestic Violence Services, and Smoking Cessation.

Serving the counties of: Anderson, Bourbon, Boyle, Clark, Estill, Fayette, Franklin, Garrard, Harrison, Jessamine, Lincoln, Madison, Mercer, Nicholas, Powell, Scott and Woodford.

Bluegrass Region has a total population of 772,398 people (2010 data) which is approximately 18% of the Kentucky population within the 17 counties.

There are 24 School Districts and 10 colleges/universities within Region 15.

Services offered: Prevention Services are focused on 5 of the identified effective CSAP strategies to include Information Dissemination, Education, Environmental Strategies, Community Mobilization, Problem Identification and Referral. Staff are well versed in the Strategic Prevention Framework and utilize the 5 steps to achieve outcomes. This is accomplished by working with 14 separate ASAP Boards and 6 Champions groups in the 17 counties.

Bluegrass also has 6 funded YES programs in 5 separate counties. There are presently 2 DFC grants (Fayette County and Scott County) and a Foundation for Healthy Kentucky in Madison County. We are the recipient of a EUDL grant for the prevention of underage drinking that offers a video contest for high school students, the Keep It Real initiative.

Bluegrass houses 2 of the 4 prevention enhancement sites in Kentucky.

Alcohol Prevention Enhancement Site:

Focuses on environmental strategies to prevent underage drinking through utilization of the Strategic Prevention Framework. Specific consultation to any group across the Commonwealth is provided in such areas as: surveying the community, conducting focus groups, developing a strategic plan as well as training on the multiple environmental strategies to prevent underage drinking.

For more information or technical assistance contact:

Angela Criswell

amcriswell@bluegrass.org

P.O. Box 13670

Lexington, KY 40583

Fetal Alcohol Prevention Enhancement Site:

Focuses on the prevention of FASD through the utilization of the CSAP effective strategies and the Strategic Prevention Framework. All regions within the Commonwealth are served through education and information including a 3 day Training of Trainers, a Statewide Speakers Bureau, strategic planning and community presentations as well as activities for 9-9 FASD Awareness Day. Material development and family support is also offered through this initiative.

Services offered: Community Coalition on Substance Abuse Prevention that operates under the SPF-SIG model

Programs/Campaigns offered: Estill –Powell ASAP has been very active in the communities and school systems for the past 7 years. As part of our Strategic Plan we are working to help prevent the use of alcohol, tobacco and other drugs in our communities through awareness, education, prevention, and treatment. Our Board offers mini-grants to provide alternative activities to drug use. Some of these activities include ATOD-free after-prom and after-graduation events, family fun events such as annual Reading Celebration, and Parents Against Drug Dealing (PADD) Family Fun Nights. Our Board also budgets funds for treatment vouchers to help cover the cost of outpatient transportation and treatment. We work closely with the Family Resource and Youth Services Centers in our schools to help with Red Ribbon Week activities, Student Council ATOD prevention projects and campaigns and many other areas.

Services offered: Community Coalition on Substance Abuse Prevention that operates under the SPF-SIG model

The Prescription Drug Abuse Prevention Coalition was founded in 2007 as part of a SPF-SIG mini-grant. This Coalition has made great use of the funding received to conduct media campaigns in Estill County for the past 3 years. These campaigns have involved students in all the schools and have increased the awareness of the prescription drug problem in our community. The Coalition also sponsored a prescription drug take-back day – 1st annual countywide take back event held on October 25, 2010 and co-sponsored by local and Federal law enforcement.

Services offered: Community Coalition on Substance Abuse Prevention that operates under the SPF-SIG model and currently receives funding through the following grants: Drug Free Communities; KY-ASAP; YES. The coalition collaborates with a tremendous amount of agencies in the community to increase education, awareness and to help change negative perceptions regarding ATOD. The coalition continues to work towards having a healthy and safe community.

Programs/Campaigns offered: The coalitions goal is to work towards reducing ATOD among youth and adults in the community. The coalition is large and active, with the following sub-committees doing ongoing prevention work – Alcohol, Marijuana, Prescription Drugs, and Tobacco. We are also in the process of forming a Faith-based sub committee. Here are a few of our ongoing programs/campaigns: Keep It Real Video PSA Contest – annual contest where youth submit video PSA's with an anti-underage drinking message; "Parents Who Host Lose the Most" social host awareness campaign targeting adult consumers; YCAE – Youth Coalition on Alcohol Education, countywide coalition that br
